## Cutting Corrections for Homecoming:

Corrections are for the Fabric B $11 / 2^{\prime \prime}$ strips and the Fabric C $41 / 2^{\prime \prime}$ strips on page 2. (One of each strip will be eliminated and replaced by a $17 / 8^{\prime \prime}$ strip and a $47 / 8^{\prime \prime}$, respectively.)

## Fabric B - $1 \frac{1}{2}$ " strips.

- Cut 4, not 5 as originally stated. Make all the same subcuts, except cut only $\underline{\mathbf{2}}-1 \frac{1}{2} 2^{\prime \prime} \times 57 / 8^{\prime \prime}$ pieces. (This was originally stated as 7 pieces.)
- Also cut a new - $17 / 8^{\prime \prime}$ strip. Subcut $5-17 / 8^{\prime \prime} \times 57 / 8^{\prime \prime}$ pieces.

## Fabric C - $4 \frac{1}{2}$ " strips.

- Cut 3 , not 4 as originally stated. Make the same $4 \frac{1}{2} 2^{\prime \prime} \times 5 \frac{1}{2}$ " subcuts, the same $4 \frac{1}{2}$ " $\times 101 / 2^{\prime \prime}$ subcuts but cut only $\underline{\mathbf{5}}-41 / 2^{\prime \prime} \times 57 / 8^{\prime \prime}$ pieces. (This was originally stated as 7 pieces.) Eliminate the $41 / 2^{\prime \prime} \times 11 \frac{1}{2}$ " piece and the $4 \frac{1}{2} 2^{\prime \prime} \times 15 \frac{1}{2}$ " piece. (You will cut them from the new $47 / 8^{\prime \prime}$ strip.)
- Also cut a new $-47 / 8^{\prime \prime}$ strip. Subcut $2-47 / 8^{\prime \prime} \times 57 / 8^{\prime \prime}$ rectangles. Trim the strip to $4 \frac{1}{2} \mathbf{2}^{\prime \prime}$ and then cut the one $-4 \frac{1}{2} 2^{\prime \prime} \times 11 \frac{1}{2} 2^{\prime \prime}$ piece and the one $-4 \frac{1}{2} 2^{\prime \prime} \times 151 / 2^{\prime \prime}$ piece.

## Corrections for "Sewing the HST+SB's and the HST+LB's":

Corrections are required for Step 1, 2 and 3 instructions on page 8.

1. Place a Fabric B $11_{2}^{\prime \prime} \times 57 / 8^{\prime \prime}$ piece right sides together with a Fabric C $478^{\prime \prime} \times 578^{\prime \prime}$ rectangle. They should be aligned along a $578^{\prime \prime}$ edge. Sew together with a $1 / 4^{\prime \prime}$ seam. Sew the seam again, slightly inside the other to reinforce the stitching. Press flat to set the seam and then press seam in one direction. Repeat twice. The units will be $57 / 8^{\prime \prime}$ square.
1.1 On one unit, draw a line diagonally from the top left corner to the opposite corner (bottom right). On the other unit draw a line diagonally from the top right corner to the opposite corner (bottom left). You need the top triangle of each of these.

Step 1:

Step 1.1:

Step 1.1:
2. Place a Fabric B $17 / 8^{\prime \prime} \times 57 / 8^{\prime \prime}$ piece right sides together with a Fabric C $4 \frac{1}{2 \prime \prime} \times 57 / 8^{\prime \prime}$ rectangle. They should be aligned along a $578^{\prime \prime}$ edge. Sew together with a $1 / 4^{\prime \prime}$ seam. Sew the seam again, slightly inside the other to reinforce the stitching. Press flat to set the seam and then press seam in one direction. Repeat 5 times. The units will be $57 / 8^{\prime \prime}$ square.
2.1 On three units, draw a line diagonally from the top left corner to the opposite corner (bottom right). On two units draw a line diagonally from the top right corner to the opposite corner (bottom left). You need the bottom triangle of each of these.

Step 2:

Step 2.1:

Step 2.1:
3. Continue with the Step 4 and on, unchanged.
